

Enduro Courses

- The planned opening of the Enduro courses is 12:30
- U10, U8 will be on courses 1 and 2 within the animal trails. Sorry, there is no suitable Enduro course for U6.
- All other athletes (up to U18) will be on courses 3,4 and 5 (see map).
- Athletes can ski the courses in any order they wish.
- A practice run is highly encouraged but do not use the SI stick until you are ready for your “official”, final run. Marshalls will be out on course to help!
- Punch your SI into the control and then immediately start your run. At the end of your run, punch the SI control at the bottom. Do this for each of your official runs.
- When you have completed all 3 runs (2 runs for U10 and U8) bring your SI stick to the download station (in Chalet) for your results. Deadline is 1:30 for U8/U10, 2:00 for all others

Course #4
